How it works

Easyfundraising helps charities, churches, schools, sports clubs, community groups, and other good causes to raise money when their supporters shop on-line. It works in a similar way to many other loyalty shopping sites, but instead of earning points for yourself when you shop, a donation is given to the parish. It's as simple as that! It does not cost the church or the shopper anything. Furthermore, there are a number of special voucher codes and discounts available that can increase the value of the donation significantly: please see the Easyfundraising website for further information.

How to use Easyfundraising

First of all, you need to register: please click **here** and follow the instructions.

Once the registration process is complete, you can search for the retailer you are interested in, and then do your on-line shopping as you normally would. Please make sure you go through this site each time you shop, or download the donation reminder tool.

Donation reminder

This useful tool can be downloaded from the Easyfundraising website. It enables the donation to be made to the church without going through the Easyfundraising site.

Tell your family and friends and raise more!

If you invite your family and friends to join Easyfundraising, a donation of £5 will be made to the church once they have accrued donations in excess of £10 through the website. For further information click on 'Raise More' once you have signed into your Easyfundraising account.
